

# PROGRAM DELIVERY STATUS FOR 2020 SPRING SEMESTER

Program faculty have been evaluating all viable options for all of our students to complete the courses online for the remainder of the Spring 2020 semester. Delivering high-quality instruction has always been and remains vitally important to the success of our students. In compliance with Governor’s Evers order to stay at home, we cannot safely welcome students on campus until, at the earliest, April 24. Therefore we are converting as many programs online as possible. Below is the list of programs that will be delivered online for the remainder of the semester and a list of programs that students will not complete this semester without a face-to-face component.

## 100% ONLINE DELIVERY
