AND
AREA SCHOOL DISTRICTS

**ANNUAL
REPORT
2019 – 2020**

A Message from the College President

Southwest Tech is grateful for the opportunity to work with our K-12 partners to provide high school students with college learning experiences. This report includes the many accomplishments we have achieved together.

First and foremost, we are grateful to the high school teachers and college instructors who collaborate to ensure the curriculum is high quality. We have amazing teachers and instructors who are exceptional at helping students learn. We are also thankful for the industry support we receive from local employers who partner with us on these projects.

We continue to expand our programs and offerings through the use of technology. During these unprecedented times, it is essential to continue to provide learning opportunities via online platforms while still emphasizing quality. We will continue to strive to serve students to the best of our abilities. We thank the parents of our dual enrolled students for the support they provide.

We welcome students who want to continue studying with us after they graduate from high school. We wish those who pursue other high education options the very best knowing we gave them a great start on their future studies.

Sincerely,

JASON S. WOOD, PH.D.

DUAL CREDIT OPPORTUNITIES WITH AREA HIGH SCHOOLS

Southwest Tech partners with local high schools to offer dual credit opportunities for students allowing for a seamless transition from secondary to post-secondary education. At this time, Southwest Tech currently offers the following dual credit opportunities:

ADVANCED STANDING

High school course that meets the competencies of a technical college course. Students earning a B or better are awarded the course credit upon enrollment in a program at the technical college.

TRANSCRIPTED CREDIT

College-level course taught by a WTCS certified high school instructor at the high school during the traditional school day. Student receives technical college credit upon completion of the course.

START COLLEGE NOW

Program established by the State of Wisconsin that allows high school juniors and seniors to enroll in technical college courses that are not comparable to courses offered at the high school.

COLLEGE UP

A program established through a partnership between Southwest Tech and CESA #3 allowing students to earn a technical diploma or portions of an associate degree program while still enrolled in high school.

38.14 CONTRACTED COURSES

Southwest Tech courses taught face-to-face at the high school or virtually by Southwest Tech faculty at a time that will work within the high school schedule.

TRANSCRIPTED CREDIT & ADVANCED STANDING

The number of students applying their advanced standing or transcribed credit by enrolling at Southwest Tech following high school graduation is continuing to grow. In the fall of 2020, 240 students with transcribed credit enrolled in programs, and five students with advanced standing enrolled in programs. The following articulation agreements were in place during the 2019-2020 school year:

118.15 COMPULSORY EDUCATION

Since the enactment of Wisconsin State Statute 118.15 Compulsory School Attendance, Southwest Tech has been committed to providing this service for area high schools. Through a contract initiated by their local high school, students may participate in a program that assists them in earning a state-issued high school diploma. For program eligibility, a student must be age 17 or older, one year (minimum) behind their class in credits earned, at a minimum 9th grade reading level, and at-risk status. The following is a brief summary of those who participated in this program during 2019-2020.
