

ELECTRICAL APPRENTICESHIP

Southwest Wisconsin
TECHNICAL COLLEGE

Training Opportunities for Union and Nonunion Workers

**Because the electrical industry is constantly evolving,
skilled apprentices are more important than ever!**

The Southwest Tech Electrical Apprenticeship programs combine classroom instruction with hands-on training to build a strong foundation in the electrical trade. Our Wisconsin Technical College System–certified instructors prepare apprentices by covering code updates, licensing requirements, and the latest industry technologies. These programs are recognized by the Wisconsin Department of Workforce Development—Bureau of Apprenticeship Standards.
