

# PLUMBING APPRENTICESHIP

*Invest in the future of your business... become an apprenticeship sponsor!*

The plumbing industry is continually changing, so apprentices are now more important than ever. They must adapt to the increased speed, efficiency, and accuracy required in today's workplace. Southwest Tech's Plumbing Apprenticeship program combines classroom learning with hands-on training in the field with an employer. Let Southwest Tech train your apprentices by addressing changes in code, licensing requirements, and the latest technologies. The Plumbing Apprenticeship program is recognized by the State of Wisconsin Department of Workforce Development—Bureau of Apprenticeship Standards. Southwest Tech instructors are certified by the Wisconsin Technical College System.
