

2014-2015 High School Completion Status Verification

Your application was selected for review in a process called “verification”. In this process, we are requesting documentation of 2013 Federal income tax information for you and/or your parents, as well as some other items that were reported on your FAFSA. Below are several options for fulfilling this requirement. Southwest Tech will be comparing this information with the information you provided on your FAFSA. If there are differences between your FAFSA and the documentation you provide to us, we will make the necessary changes to update and/or correct the FAFSA. This process must be complete before Southwest Tech will award any Financial Aid. Submit this verification as soon as possible, so that your financial aid won't be delayed. If you have questions, call the Southwest Tech Financial Aid Office at 608-822-2320.

Student must provide **one** of the following documents that indicate what the student's high school completion status is as the student begins college in 2014–2015:

- A copy of the student's high school diploma, or
- A copy of the student's **final, official** high school transcript that shows the date when the diploma was awarded, or
- A copy of the student's High School Equivalency Diploma (HSED) or General Educational Development (GED) certificate or HSED/GED transcript, or
- An academic transcript that indicates the student successfully completed at least a two-year program that is acceptable for full credit toward a bachelor's degree, or
- A transcript or the equivalent, signed by the student's parent or guardian that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting.

If the student is unable to obtain the documentation listed above, he or she must contact the Southwest Tech Financial Aid Office at 608-822-2320.
