

Brandon Laufenberg received multiple scholarships during his training at Southwest Tech. He is grateful for the financial support as he makes his way through his academic journey, cheered on by his daughter, Tori.

“One of my mother’s goals was to send every one of her kids to school. Obviously, it took me a while to get there, but I know she would be proud that I actually decided to come back and get a degree.”

Visionary Circle

Donors who have chosen to include the Southwest Tech Foundation in their documented estate plans.
