

1. **Take the Driver Education Theory Class.**

(30) hours face-to-face class at your high school or take the class online.

[Click here to register](#) Call (608) 822-2706 for questions.

2. **Take the permit test in your class or at the DMV.**

After successfully completing your face-to-face theory class, take the **Permit Test** issued by your instructor. All online students will need to go to their local DMV to take the **Permit Test**. [Click here for more info on the DMV permit requirements.](#)

3. **Register for Behind the Wheel Course, then Contact your Instructor for your Permit Application.** [Click here to register](#) Call (608) 822-2706 for questions. [Click here for instructor contact information.](#)

4. **Go to your local DMV to obtain your permit.**

Take your permit paperwork to the local DMV to obtain a permit. Be prepared to take the DMV

**Permit Test** if you have not already taken it in class. [Click here for more info on the DMV locations.](#)

\*Remember to take your **SSN card** and a **certified copy of your birth certificate** with your completed permit application.

5. **Drive with your instructor.**

Contact your instructor to schedule your 12 hours of **Behind-the-Wheel** lessons (you will complete 6 hours of driving and 6 hours of observing). [Click here for your instructor contact information.](#)

6. **Schedule road test with the DMV.**

After completing the **Driver Education Theory Class** and **Behind-the-Wheel** instruction, a completion certificate will be electronically submitted directly from Southwest Tech to the DMV. [Click here to schedule a road-test with the DMV.](#)

7. **Complete online survey.**

Please complete an online survey about your driver education experience. Southwest Tech is always looking to improve the Driver Education program and we value your input.
